SecuRam is a forward thinking company that strives to meet the security needs of its customers through innovative electronic engineering. We welcome the opportunity to work with you, our customers, to design tomorrow's security solutions today. Please feel free to contact us to discuss your next generation electronic security requirements.

SecuRam Facts and Resources

Website: www.securamsys.com

A resource for product information, part numbers, operation guides.

Quality Second to None!

Every lock is cycled 2000 times before being certified for shipment!

Warranty

12 Month “**DATE OF SERVICE**” Product Replacement Warranty (from date the End User puts the lock system into service)

First in the Industry. No other safe lock manufacturer offers a “Date of Service” warranty

Lead time

Generally our production lead time is 4-6 weeks. However we make every effort to maintain stock of fast moving items. If it is in stock, it will ship same day.

To Place an Order:

Step 1: Choose the EntryPad based on the available features

Step 2: Choose the Finish

Step 3: Choose the Lock Body for your application
